PREFACE.

903 1859

IN collecting the information for the Massachusetts Register for 1859, circulars have been sent to our regular correspondents in every town in the State, from all of which — excepting three only — answers have been promptly received. Many other communications have also been received from Academies, Banks, Custom Houses, private individuals, and various other sources, giving notices of changes to be made. The following figures, with regard to a few of the classes treated of in this book, will give some idea of the changes that have been taking place during the past year: —

The Justices of the Peace, who are the most numerous class, number 5105 in the Register of 1858, and 5410 in the present; 288 having been erased, and 593 added. Under an Act of the Legislature of 1858, 141 of those persons holding commissions as Justices of the Peace have been designated to try criminal cases. A list of them, corrected up to February, 1859, is given on page 16; and they are also given among County Officers, under heading of "Trial Justices."

Another Act of the last Legislature unites the business of the Courts of Probate and Insolvency, thus devolving the duties formerly performed by 28 Judges, and as many Registers, upon half that number.

Of the 8 Councillors, 40 Senators, and 240 Representatives, who held those offices last year, 3 Councillors, 11 Senators, and 40 Representatives hold the same office in 1859.

Promotions and other causes have so varied the list of Military Officers, given on pages 83 to 86, that, out of 288 whose names were given last year, only about 150 remain the same in the present list.

Clergymen are quite a changeable class: for, out of 1,524 settled Clergymen named last year, only 905 remain over the same parish now. The number has increased to 1,373.

Lawyers have increased from 1,121 to 1,142; about 1000 of them still holding the same residence as last year.

The number of Physicians has been increased from 1,547 to 1,618: the residences of 1,400 remaining the same as last year.

Twenty-six Newspapers or Periodicals have been erased from last year's list, and thirty-nine added to it; giving 243 now published.

These are but few of the changes that have been made; many other classes not enumerated here having shown as great, and some a much greater, amount of changes.

The publishers renew their thanks to those who have assisted in the compilation of the work, and would suggest that any person discovering an error in the book will confer a favor by notifying them of it, that it may be corrected in future.

All communications for the Register of 1860 should be forwarded on or before December 1, 1859, to
ADAMS, SAMISON, & Co., 91 Washington Street.

The titles of the Acts and Resolves are given below *in full*. The letter [G.] is placed before such as are designated as *General* Acts and Resolves by the Secretary of the Commonwealth. The numbers placed before the titles show the order of their approval by the Governor, and indicate in each case the chapter which the Act or Resolve makes in the official code for the year 1858. The date, after the title, is the time of the approval by the Governor.

The letter [P.], placed at the end, shows that the act is to take effect from and after its *passage*, which is considered as cotemporaneous with its approval by the Governor. MASSACHUSETTS MILITIA.

The Militia of Massachusetts is divided into two classes, the active and enrolled; the latter consists of all "able-bodied white male citizens of the age of eighteen years, and under that of forty-five, excepting persons enlisted into volunteer companies, and persons exempted by law, or incapacitated by physical and other causes." The whole number enrolled in 1858, as appears from the Returns of Assessors of cities and towns (whose duty it is to make such returns), is 147,682; being a decrease of 3,432 from last year.

The Active Militia consists of Volunteers, who are paid a per diem allowance when on duty, — amounting, in the whole, to \$7.50 per annum, each man of the Artillery, Infantry, and Riflemen; and \$15 each for Cavalry. The commissioned Field and Staff Officers are paid \$15, and the non-commissioned Staff \$9, per annum. The militia consists, by the returns of 1858, of 5,771 men. These are organized into three Divisions and six Brigades, embracing two Divisionary Corps of Cadets, one in Boston and one in Salem; one Company and one Section of Light Artillery; five Companies of Cavalry, and twelve Regiments and one Battalion of Infantry; and three Battalions of Riflemen: in all 95 companies.

The first division is made up of Militia in Suffolk, Norfolk, Plymouth, Bristol, Barnstable, Nantucket, and Dukes counties; the second, of Militia in Middlesex and Essex; the third, of Militia in Worcester, Hampshire, Hampden, Franklin, Berkshire.

MEDFORD BRANCH RAILROAD.

Trains run to and from Medford, a distance of five miles, eight times a day each way. Fare 12 cents. Time, 15 minutes. Season Tickets, \$44 a year. This is a beautiful village, and a desirable place for summer residence.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, Malden, Melrose, South Reading, and Reading, towns within the range of the special, as well as the longer trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of the fare, the number of trains, both early and late, in connection with the convenient depot at Boston, render this railroad a desirable channel of intercourse between the city and country. That the advantages of these places are appreciated, is evident from the increasing demand for residences on this route, the demand for house lots, and the steady rise in the value of the land.

SCENERY.

It cannot be denied that the scenery on every section of this route is unsurpassed. The surface of the country for ten miles is beautifully variegated, presenting a continual succession of picturesque views of the country, the sea, and the sun. Its hill-tops and valleys are decked with splendid dwellings and tasteful cottages, and nowhere can be found the union of town and country more complete.

RESIDENCES.

Worcester, Milton, and Quincy afford locations for some of the most delightful and healthy residences. Savin Hill, Harrison Square, and Neponset, from their proximity to the city, and their attractive scenery, have become favorite places of residence.

PLYMOUTH

Offers great inducements for individuals seeking health or pleasure. The Samoset House furnishes excellent accommodations; then there are Plymouth Rock, Pilgrim Hall, and the graves of the Forefathers, calculated to awaken pleasant recollection. The numerous ponds in the vicinity of the village afford good fishing, and the beach and roads from the water are delightful places for a drive.

ATTRACTIONS.

An occasional ride in the cars as far as Brantree, will amply repay one for the trifling sum exacted for fare. In passing through the village of Quincy, the venerated mansion of the "Elder Adams," and afterwards the residence of the "Old Man Eloquent," can be seen.

Ye Antique Booke Store. REMOVAL.

Here you may range the world

T. O. H. PERRY BURNHAM, late senior partner of the firm of Burnham Brothers, booksellers, No. 58 & 60 Cornhill (well known for the last twenty years as Burnham's Antique Books'ore), has removed to the new and spacious store, No. 143 WASHINGTON STREET, opposite the *Old South Church*, where he will be happy to receive a continuance of that patronage which has been so liberally bestowed upon the former establishment.

His long experience in business and his increased facilities, with but slight increase of rent, will enable him to furnish Libraries, and the public generally, with Books at the same low prices which have always characterized "BURNHAM'S CHEAP BOOKSTORE."

His stock, which he is constantly making additions to, comprises the largest collection of Books, antique and modern, consisting of Law, Medical, Theological, College, School and Miscellaneous, to be found in the United States, to which he invites the attention of purchasers.

The Circulating Library will be continued as heretofore. All the new and popular books of the day added as soon as issued.

Cash paid for old and new Books, and Books exchanged on liberal terms.

MUTUAL LIFE INSURANCE.

NEW ENGLAND MUTUAL LIFE INSURANCE CO.,

Office, No. 39 State Street, Boston, in the Company's Building.

Since commencing, January 1, 1844, to February, 1858, has made out 1,600 policies.

The amounts from \$200 to \$15,000 each. Largest amount taken on one risk, \$15,000. Insures lives only.

Fund accumulated, owing to the favorable turn of the risks thus far, nearly \$1,200,000, well invested for the proportionable benefit of those who shall become, as well as those already members. Surplus to be refunded to members at the end of every five years from Dec., 1849. The

distribution of Dec., 1858, amounted to 36 per cent of the premiums paid in five years. Premiums may be paid quarterly or semi-annually when desired, and amounts not too small. All the premiums earned by the Company are paid to it, and no member pays in his note or money against the notes (good or bad) of other members.

Forms of application, and pamphlets of the Company and its reports, to be had of its agents, or at the office of the Company, or forwarded by mail.

Directors—Willard Phillips, Charles P. Curtis, M. P. Wilder, Thomas A. Dexter, Sewell Tappan, Charles Hubbard, A. W. Thaxter, Jr., William B. Reynolds, George H. Folger, Patrick T. Jackson.

CONNECTICUT MUTUAL LIFE INSURANCE COMPANY, HARTFORD, CONN.

Incorporated in 1816. Acquired Capital, over \$3,000,000.

The prosperity of this Company is without a parallel in the history of life insurance in this country. Not a dollar of invested funds has been lost, and the incidental expenses, including commissions to agents, for the last three years, have been but six and a half per cent of the net annual receipts; thereby enabling the Directors to declare from ten to twenty-five per cent larger dividends annually, since the organization of the company, than any other life insurance company in the United States.

All other styles at equally low prices.

Having had several years' experience in the most genteel trade, I have no hesitation in saying I can suit the most fastidious both in style of cut and manufacture. As I do my own cutting, and examine every garment before it leaves my establishment, customers can rely upon their garments being made in the most thorough manner and according to directions.

A BALM FOR EVERY WOUND.

Dr. B. warrants his medicines to operate as may be necessary, and not debilitate the system, and at the same time give a healthy tone to the digestive organs, and regulate the nervous system. This medicine has not been compounded from any new discovery, but from a knowledge of the Indian method, as practiced for many centuries, and a practical evidence of physical anatomy, which enable the Doctor to prescribe with safety in all cases.

Dr. B. has medicines which he not only prescribes in all chronic diseases, but which he warrants will effect a cure where hope has departed. The Doctor's extraordinary natural powers to make an accurate examination of any disease, to which flesh is heir has astonished thousands in this city and elsewhere; and he feels assured that those who entrust themselves to his care will not have cause to regret it. Examinations gratis, every day in the week, excepting Thursday, Friday, Saturday, and Sunday, when he may be found at his residence, on the Mammoth Road, near Grampus School House, District No. 3, Pelham, N. NEW ENGLAND NEWSPAPER.

THE ATLAS AND DAILY BEE,
AND THE
WEEKLY ATLAS AND BEE,
FOR 1889.

The DAILY is published every morning (Sundays excepted), and THE WEEKLY every Saturday, by the

BEE PRINTING COMPANY, Nos. 7 & 9 STATE ST.

WM. SCHOUER, Z. K. PANGBORN, J. F. MARSH, Editors.

THE ATLAS AND DAILY BEE enters upon a new year with the most encouraging auspices, and the proprietors confidently appeal to the public for their due share of patronage. Under its present management the paper has passed through two of the most important and exciting political campaigns ever known in Massachusetts, and the editors have the satisfaction of knowing, not only that the principles and policy they have sustained are triumphant, but that THE ATLAS AND DAILY BEE is now generally recognized as the consistent, earnest, and reliable advocate of the principles cherished and avowed by the American Republican party of New England. The paper has also, in common with other journals, passed through the severest financial revulsion and depression of business ever experienced, and is in a sounder and more prosperous condition than before. It commences the eighteenth year of its existence with a largely increased subscription list, and an advertising patronage second in character and value to that of none of the daily newspapers of Boston.

For the year 1889 we have no new promises to make; but, as hitherto, it is the purpose of the Editors and Publishers of THE ATLAS AND DAILY BEE to make it THE BEST NEWSPAPER IN NEW ENGLAND. As it is our conviction that we shall make it profitable to the publishers in proportion as we make it acceptable to the public, we shall spare neither labor nor money to accomplish this purpose.

ITS CONTENTS.

In the amount and variety of reading matter, THE ATLAS AND DAILY BEE will not be excelled by any journal. It contains THIRTY-TWO COLUMNS of matter, and the greatest care is exercised to secure the most FULL, RELIABLE, and the *earliest* reports of all interesting public events. A corps of experienced reporters devote their time and energies to the collection and preparation of the news; and, for VERBATIM reports of Conventions, Speeches, Sermons, and Lectures, we have the services of Mr. J. M. YERRINTON, the best photographic reporter in New England.

Regular Correspondents in Washington, New York, Chicago, and other important places in this country and in Europe, contribute to the paper.

Special attention is given to the *literary, musical, and dramatic* departments; and original and selected matter under these heads will always be found among the most attractive features of THE ATLAS AND DAILY BEE.

TO BUSINESS MEN AND ADVERTISERS,

The paper is confidently commended as eminently worthy their patronage. Reports of the Markets Prices Current, the Shipping News, and whatever is of peculiar interest to the commercial, manufacturing, and mercantile interests, will be found *full, seasonable, and reliable*.

The paper is printed on an entirely new suit of copper-faced type, and affords especial facilities for the publication of advertisements in the most attractive style.

PRICE OF THE DAILY. — Single copies, by mail, 1 year, \$6; single copies, by mail, 3 months, \$1.50. To CLUBS. — Ten copies, to one address, at \$3 each, \$30; twenty copies, to one address, at \$1.50 each, \$30, with an additional copy to the person who gets up the Club.

City subscribers served at their residences at 12 cents a week.

TERMS. — Invariably cash in advance.

THE WEEKLY ATLAS AND BEE,

A FIRST CLASS NEWSPAPER FOR ONE DOLLAR A YEAR.

THE WEEKLY ATLAS AND BEE offers peculiar inducements to country subscribers. It is one of the largest and best printed weeklies in the country, and as it contains only a limited number of advertisements, and the matter is prepared by the editors of the DAILY, the WEEKLY presents a variety and amount of interesting matter rarely equalled. All the distinguishing features of the DAILY, business, news, politics, literature, and correspondence, will be found carefully collated for the WEEKLY. It is a newspaper that should be in every New England home. To single subscribers the paper will be sent by mail for \$2 a year, or for any portion of a year at the same rate.

GREAT INDUCEMENTS TO CLUBS. — In order to place it within the reach of every family, it is offered at the following unusually low price: — Two copies, one year, to one address, \$3; five copies, one year, to one address, \$6; ten copies, one year, to one address, \$10; twenty copies, one year, to one address, \$24, or \$1 a year; and for any larger number to one address at the same rate, with an additional copy to the person who gets up the club. **INvariably CASH IN ADVANCE.**

THE TEMPERANCE VISITOR,

PUBLISHED EVERY THURSDAY

AT 91 WASHINGTON ST., BOSTON,

AT \$1.50 PER ANNUM, IN ADVANCE,

BY

ADAMS, WESTON, & CO.

AFTER the repeated unsuccessful attempts to establish a temperance paper in the city of Boston, it might well have seemed a wild undertaking to have commenced, as did the proprietors of the "Temperance Visitor," in April, 1857, a new Journal, devoted to the interests of the temperance reform. Yet a pretty strong faith in the final success of the undertaking, coupled with the solicitations of some who were friendly to the project, induced the attempt. On the 23rd of April, the first number of the Visitor made its appearance, in a rather limited form, and in a most unpretending manner. Its subscription list was to be built up, — its fortune to be made. For nearly a year it struggled on, amidst discouragement and misgivings in regard to its continuance. But the proprietors were determined to hold on to their scheme; and, if labor and sacrifice to no small amount were capable of keeping alive their paper, they were ready for the sacrifice. It must necessarily be carried forward by incurring pecuniary liabilities; but what were absolutely necessary were incurred, — under the impression that eventually, by being successful, every liability would be met. During the first year the subscription list did not reach five hundred, partly because circumstances did not favor a strong effort at building up the list. In October, 1857, it was determined to enlarge the paper, and a new partner became interested in the Visitor. New quarters for printing and publishing were obtained, and more extensive arrangements were entered into. Canvassers were put in the field, and the list enlarged. At the present time the list of subscriptions is little short of three thousand, and the advertising patronage is greatly increased. By a long course of hard labor and great sacrifice, the Visitor has been thus brought to a good position. The editorial charge of the paper from the commencement has been in the hands of S. B. Weston, Esq., a gentleman long connected with the temperance press, both in Massachusetts and Maine. While he is ready to admit that the paper has not been of so high a literary cast as some might consider desirable, yet he has only to say in reply, that, on account of a lack of means, the services of so large a corps of contributors as would be desirable could not be secured. By an increase of patronage, however, this objection may be obviated. The publishers have done their best to give their patrons a good paper; and they pledge themselves that no labor shall be spared on their part to make the Visitor a good family paper — a sterling temperance sheet, calculated to promote the temperance cause. All they ask for is a corresponding amount of patronage.

MAYNARD & NOYES' WRITING INK.

THE MANUFACTURE OF THIS INK WAS ESTABLISHED IN 1816,

And the quality has now been tested by the public for more than forty years. During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it more than twenty-five years, express themselves in one manner concerning its superior excellence, it is quite evident that no one need be troubled with bad ink.

Bowdoin School, Boston, Jan. 7, 1867.

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School the past thirty years, and take pleasure in renewing my testimonial of its superior quality. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink.

JAS. ROBINSON, Writing Master.

Boston, January 10, 1848.

Messrs. MAYNARD & NOYES: Gentlemen,—It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first-rate article*, and cheerfully recommend it to others. It *flows freely* from the pen, and increases in blackness after being committed to paper, and the color is *durable*. I know of no Ink equal to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.,

Principal of Writing Dep. Hancock School.

Office of Merchants Ins. Co., Boston, Jan. 2, 1856.

Messrs. MAYNARD & NOYES: Gentlemen,—I have used your Writing Ink generally for the last twenty-five years. In 1847 I renewed my certificate of its excellence, and having continued its use ever since to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is in all respects the best Ink I have ever used.*

GEORGE HOMER, Secretary.

Registry of Deeds, Boston.

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the Recording of Deeds, &c., the past *twenty-five years*, and take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office, I consider it particularly adapted for all purposes where *permanency of color is requisite or desirable*, as my oldest records prove its color to be *unvaryingly black*.

H. ALLINE, Register of Deeds.

COPYING INK.

This ink gives a copy as distinct and perfect as the original, and combines all the properties of our Writing Ink. This quality particularly adapts it to Counting House use, as it answers all the purposes for which a writing liquid is used. Also,

"LET THERE BE LIGHT, AND THERE WAS LIGHT."

This Command was given at the Creation of this World, and from that day to the present man has sought Light in all its various ramifications. But, like the leech, the cry is More, more, more Light, as a review of the past year will show, in no age has there been so much money and time spent to obtain this desirable object as the present. But the thing has been *done*, and your humble servant now presents a LAMP containing all that is required.

A LITTLE LIGHT FOR THE NIGHT!

On the sickroom, where, if occasion requires, you can have at a moment's notice, by the beautiful adjustment of the *Cut-off*, without complication, simple yet complete, sufficient Light to fill an ordinary room. Being so constructed that you can have

ONE, TWO, OR THREE FLAMES OR JETS.

A MEDIUM LIGHT,

For the Dining Room, with *Four Jets*, all that is required for a *Table Twelve Feet in Length*—yet by the application of the *Cut off* you can have one or more jets, when in you will see the *ECONOMY OF FLUID* while preparing the Table; and no one will deny the luxury of a good Light while Eating.

A GREAT LIGHT!

THE LIGHT! THE LAMP! THE ONE SOUGHT FOR!

From which can be made to emanate a Light sufficient for a *Palace*, the *Head-light* of an *Engine*, the *Signal-light* for *Ships*, or the *Light-House*. Hence, and think for one moment of a Lamp simple in its construction, yet perfect, from which proceeds an amount of light for a room *Twenty feet Square*, that any person with ordinary eyesight can see to pick up a pin, yet in a few minutes' time be reduced to a small glimmering light for the *Night*; but it is even so. Such a light we have, yet we do not boast of more scientific knowledge than all the rest of mankind, nor that we have spent larger amounts of money and time than many others, yet we have studied *Practical Utility*, having produced this Lamp, for which we have received *Letters Patent*. We invite you to

CALL AND SEE THE LAMP.

By a careful investigation, we find the cost of *Burning* to be *Two Mills an hour* for each flame or jet, excluding the one jet, which will burn eight hours for one cent. We rate the Fluid at seventy-five cents a gallon.

COST OF BURNING

One jet, eight hours,.....	for One Cent	Four jets,.....	8 Mills per hour
Three jets,.....	6 Mills per hour	Six ".....	12 " "

These statements prove this Light to be the most economical now before the public.

NON-COMBUSTIVE!

It is an erroneous opinion of many that Fluid is explosive. The vapor arising by an *action of heat*, coming in contact with the blaze, causes an explosion. By the construction of this burner, there is no vapor formed in the Lamp; consequently there is *no possibility of an accident*; furthermore, if the Lamp is *dripped, broken, or opened* for the purpose of filling, the Light must necessarily be extinguished. It is

SELF-PRODUCING!

By heat converting the fluid into gas or vapor, giving a Clear and Brilliant, Mellow, Placid, and Agreeable Light to the eye. Practical observation has taught man that a Light approaching nearer to the light of the sun is the best adapted to the eye. We do not profess to be an oculist, but we have a sufficient practical knowledge of that light which is pleasing to the eye, and we think we can satisfy the most incredulous minds, both of quality and *economy* of the light, over all other Lamps now before the Public, not excepting the *Kerosene*.

IT IS PORTABLE.

Can be carried around the house, up or down the stairs; therefore applicable to the *Binnacle*, or the *head light* for the *Ship* and *Steamboat*, and just what is wanted for the *Cars*. It is

THE LAMP!

As you perceive by the above, we have secured a *Patent*, not, like others, for the purpose of making money by the sale of Town and County Rights, and give an article pleasing in its appearance, who boast of the great value of their invention to your face, but not with sufficient reliance to permit you to sell them, without first buying the right. But we have secured the Patent that no one else could make or manufacture them. Being willing to place them before the public without compelling them to buy the right to sell, having *perfect confidence* in its intrinsic worth and value, nor are we compelled to buy up the *pat of Newspapers*, or the expression of Professors or This and Professor That, as such opinions are of but little worth at the present time. Good practical utility is of much more value. If Scientific Men examine the Lamp, they find *Science displayed* to its fullest extent; therefore, they in us speak in its favor, as the demand for the Lamps grows. Astral and all other Lamps altered into the *GAS LAMP*.

By sending a Postage Stamp, we will send a Printed List of the Wholesale and Retail Prices, so that any person who wishes to engage in the sale of the Lamp, or Lamp business, can have a guide, as we manufacture not only this Gas Lamp, but the common Fluid, Oil, and Kerosene Lamps; also, Lamp-stands in all of their varieties; in fact we keep a full stock of all kinds, so that we can please all. Our facilities for supplying are extra, as we have been engaged in the business for some time, and therefore know the wants of the people.

THE LAMP MAY BE SEEN AT

No. 22 Tremont Street, under the Boston Museum.
